

***BRINGING HOPE
AND HEALING***

BRINGING HOPE & HEALING

SINCE 1978

Mercy Ships brings hope and healing to people in great need by mobilizing people and resources worldwide and serving all people without regard for race, gender, or religion. Our programs address urgent surgical needs and provide training and education to local healthcare workers.

Our hospital ships are filled with state-of-the-art medical equipment and a volunteer crew of doctors, nurses, medical staff, technicians, teachers, physical therapists, and other caring people driven by mercy to help make the world a better, healthier place for all.

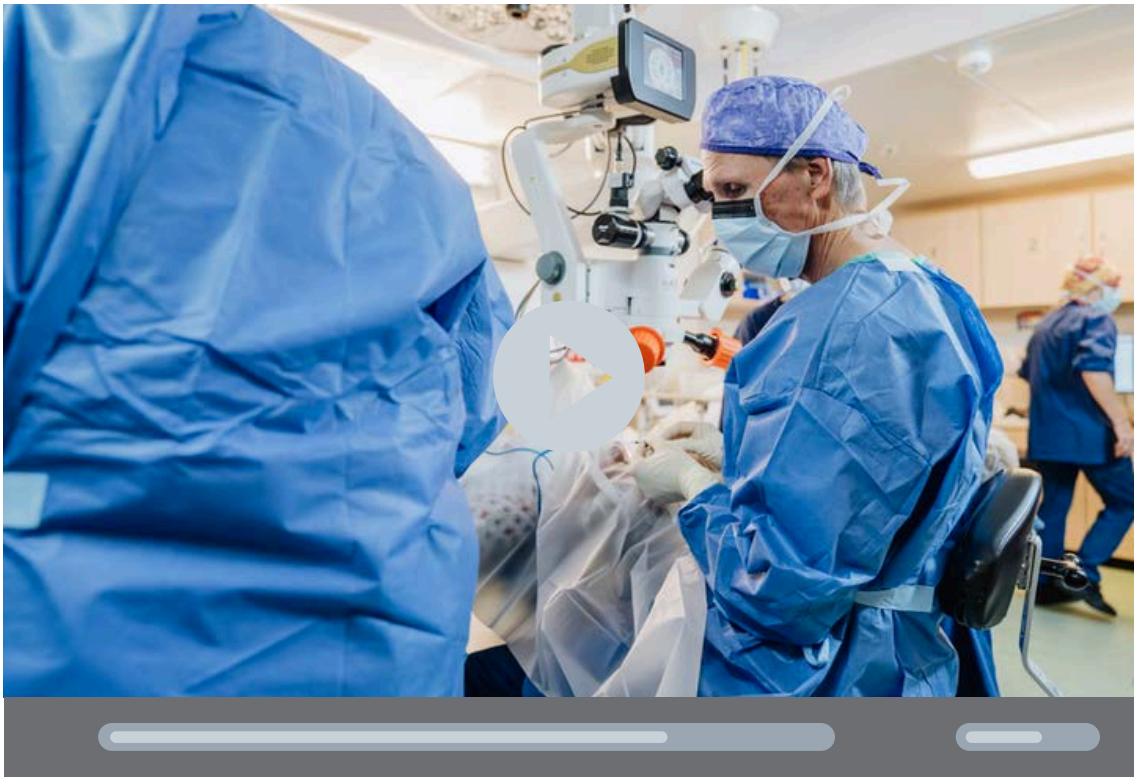

**Over 50% of the world's population lives near a coast.
Our ships are the best way to reach people in great need.**

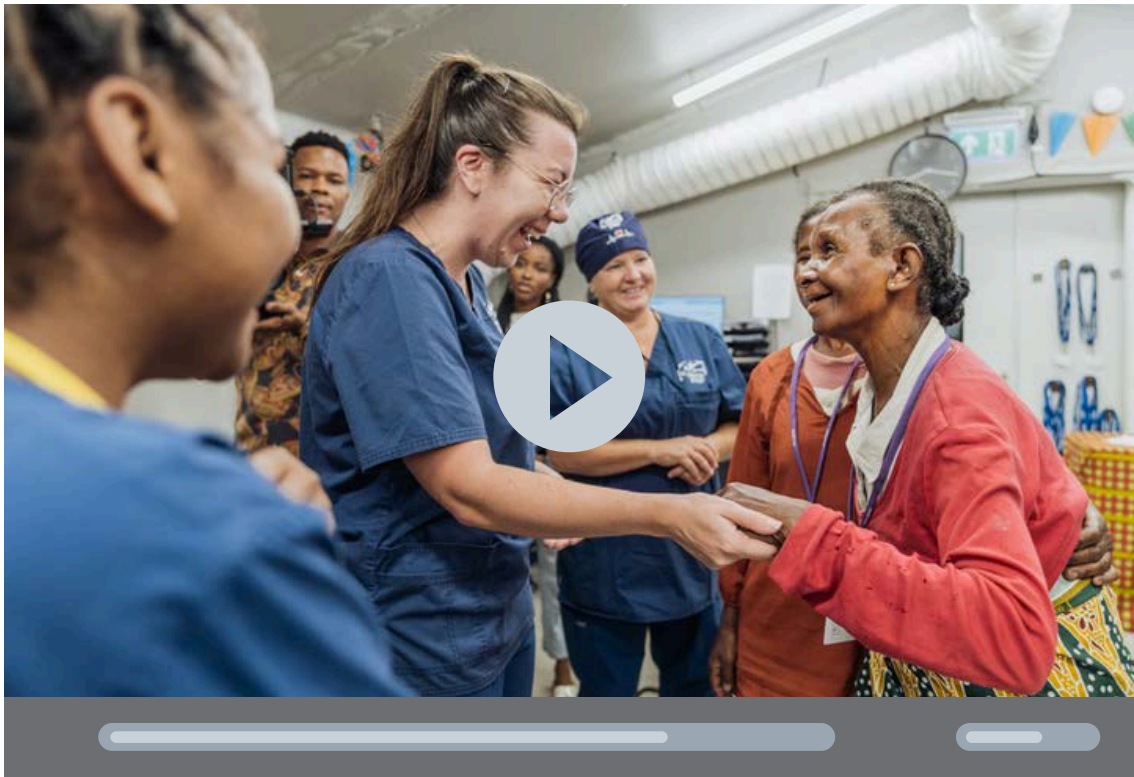

A DEEPER LOOK

Who is Mercy Ships
Sub header

Program Video
Sub header

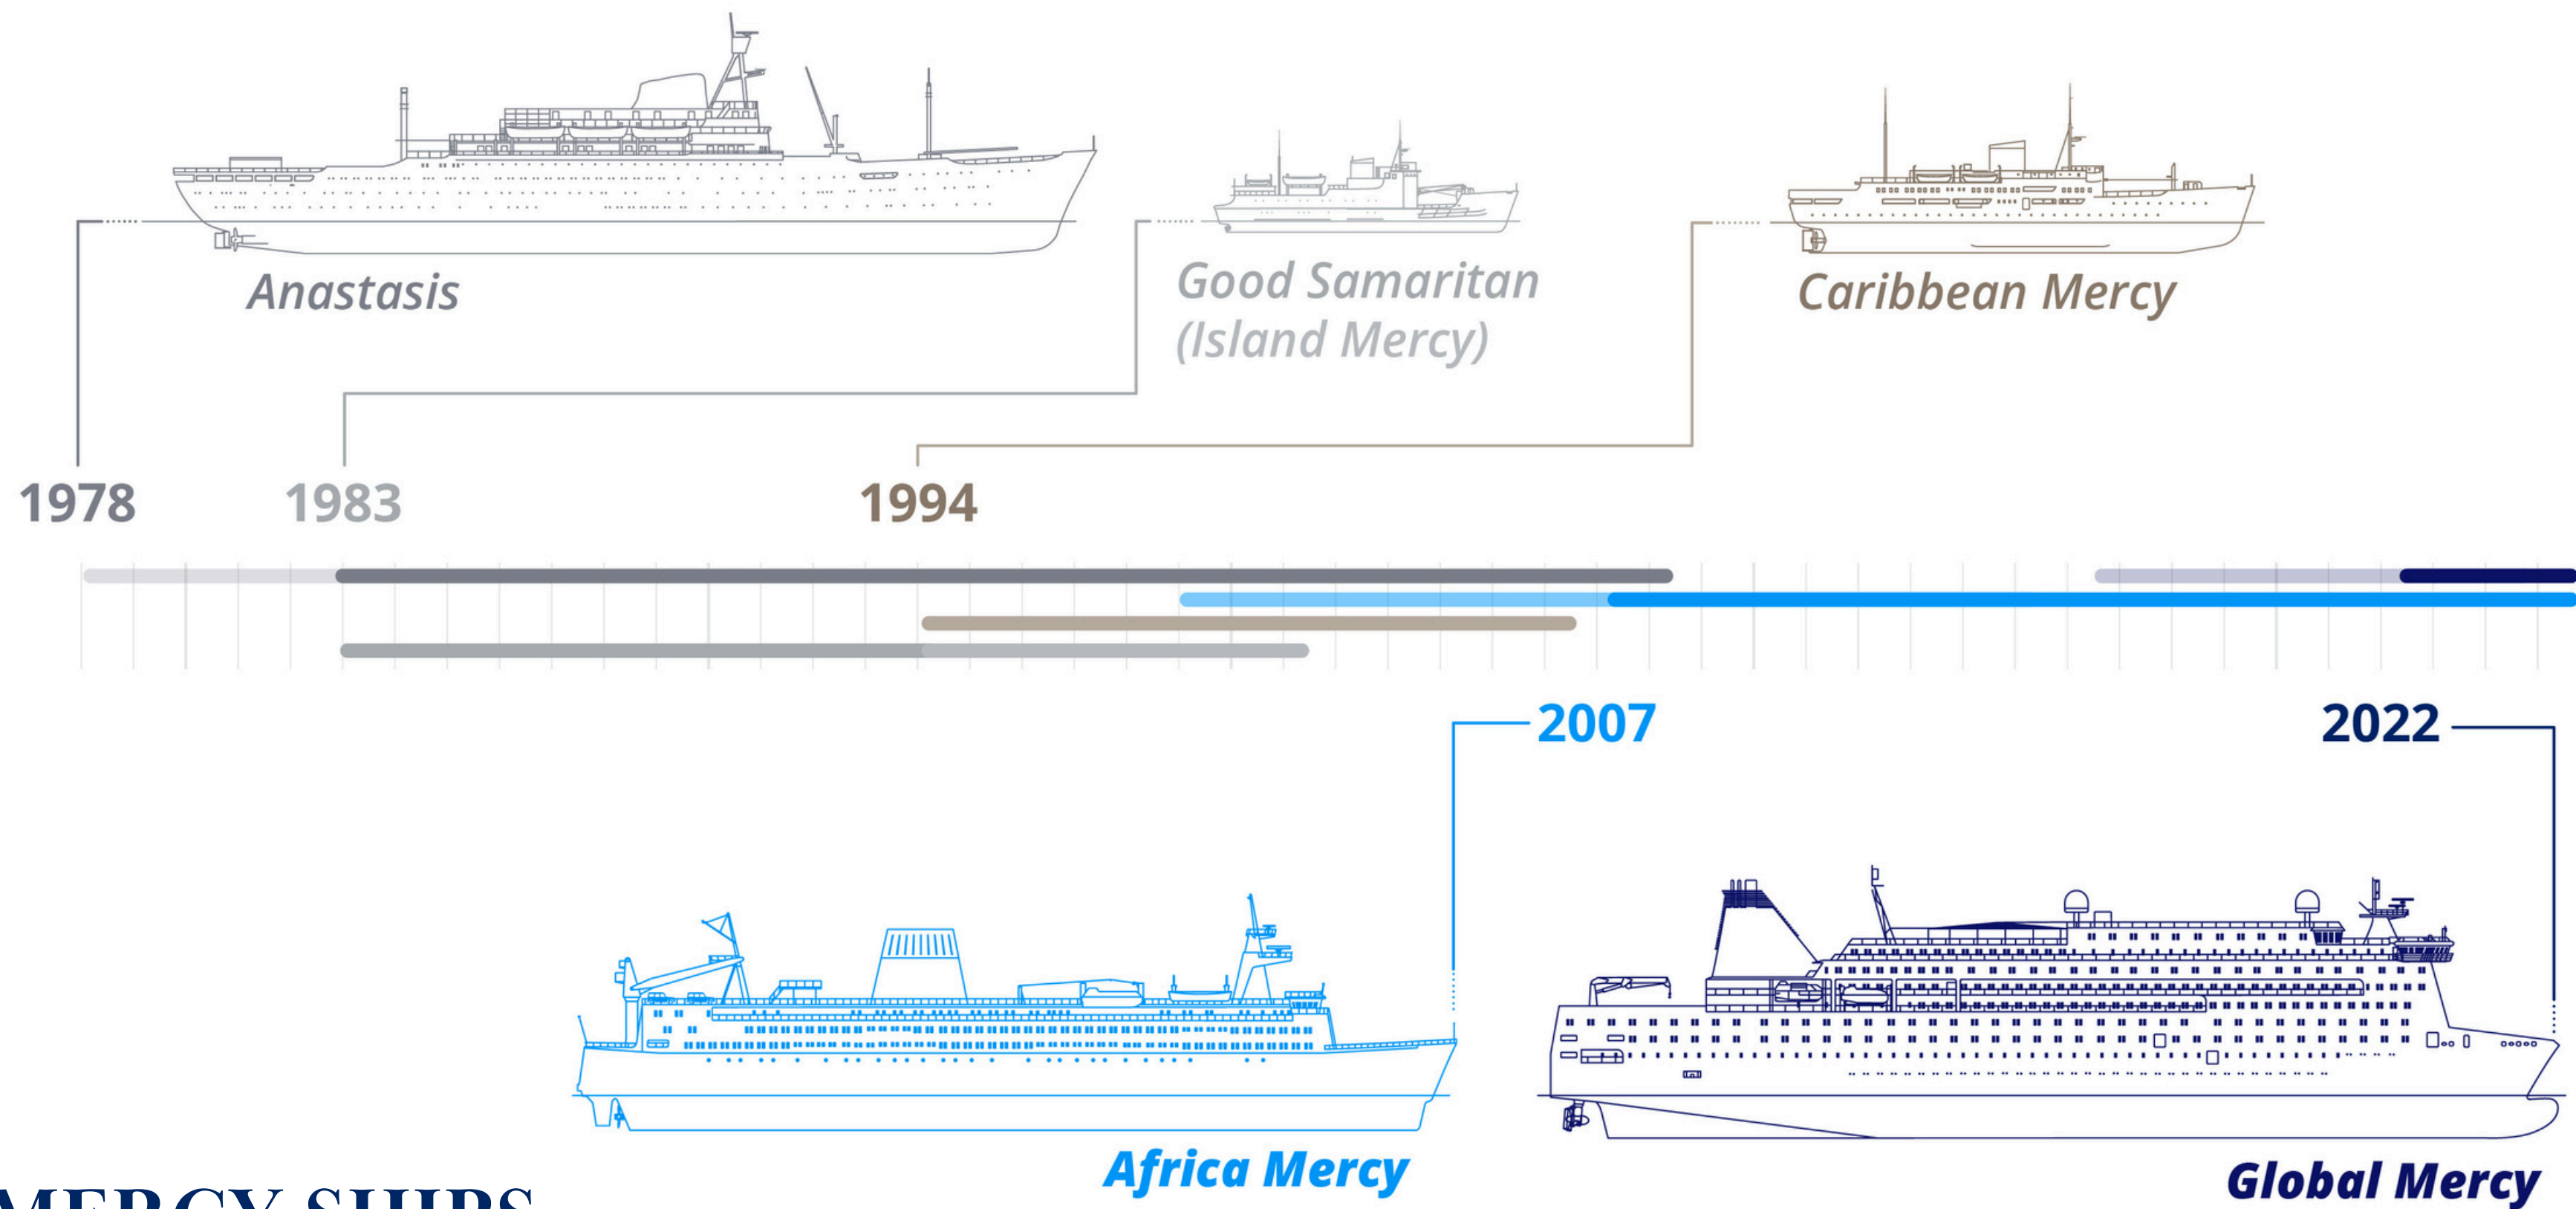

Patient Story Video
Sub header

A young girl with short braided hair is standing on a metal staircase. She is wearing a grey t-shirt with a green and gold graphic, a white skirt with small black polka dots, and black sneakers with pink laces. She is smiling and leaning her right arm on the metal railing. The staircase has a white metal frame and a black safety net. In the background, there is a building with blue and white walls and a large blue circular window. The text "WHO WE ARE" is overlaid in the bottom left corner in a bold, dark blue font.

WHO WE ARE

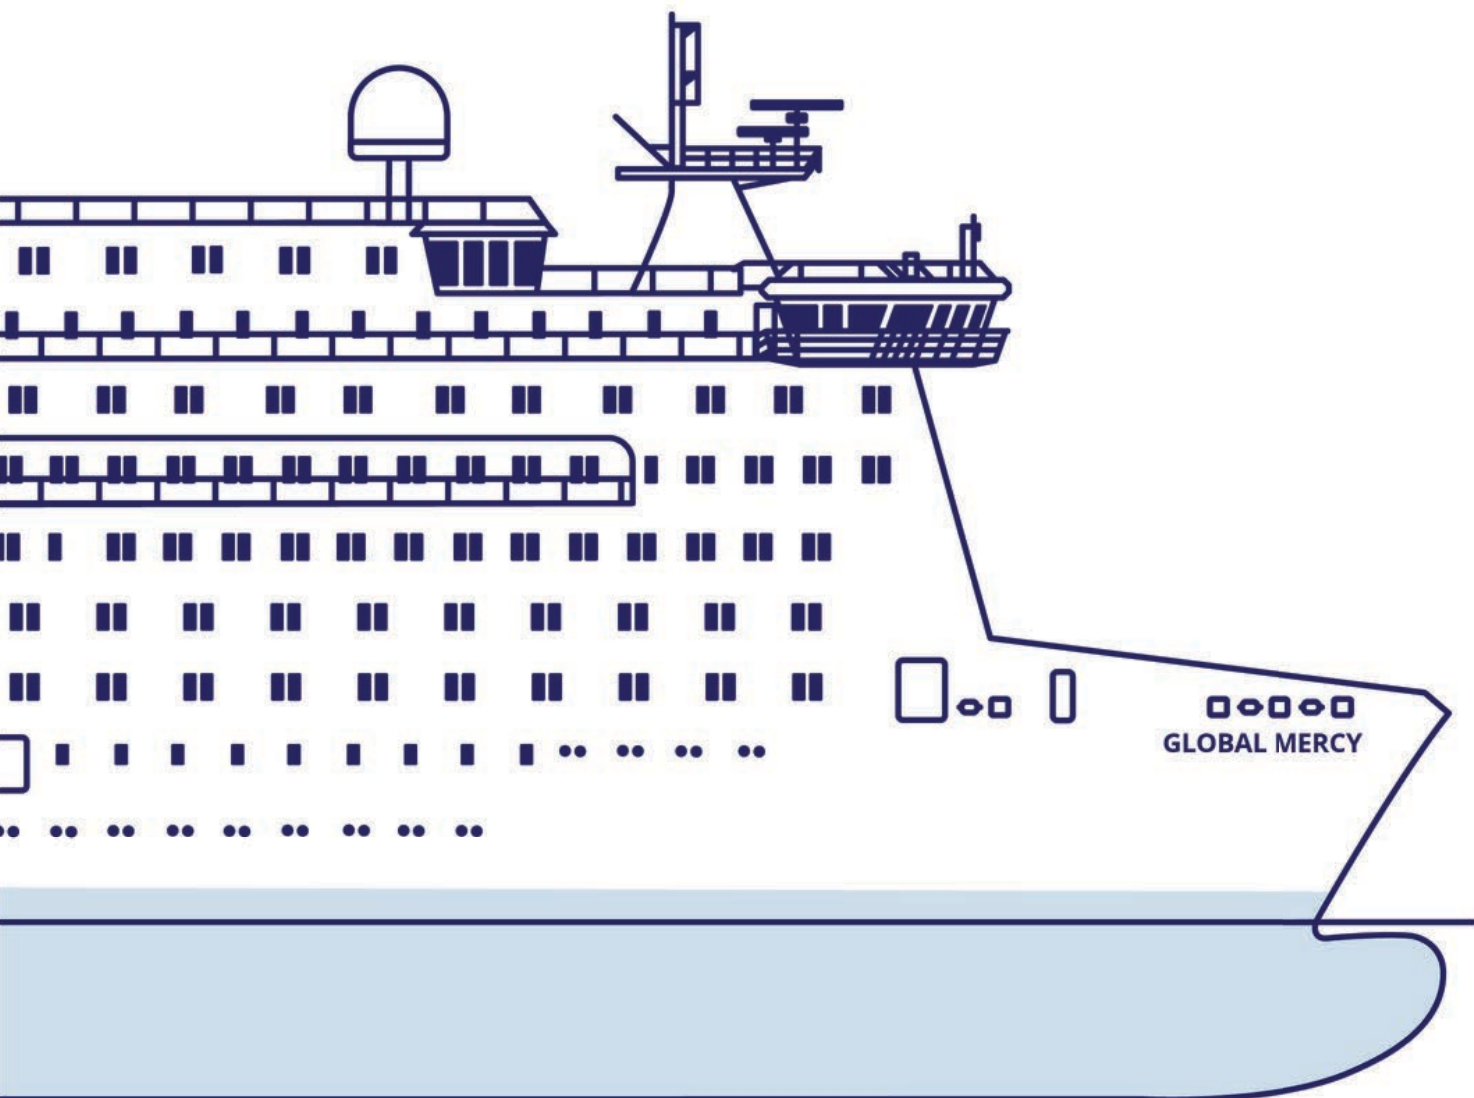

Mercy Ships is a unique international NGO that provides safe, free surgical care, as well as education and training for healthcare professionals across Africa.

WHAT IS MISSING?

OUR RESPONSE

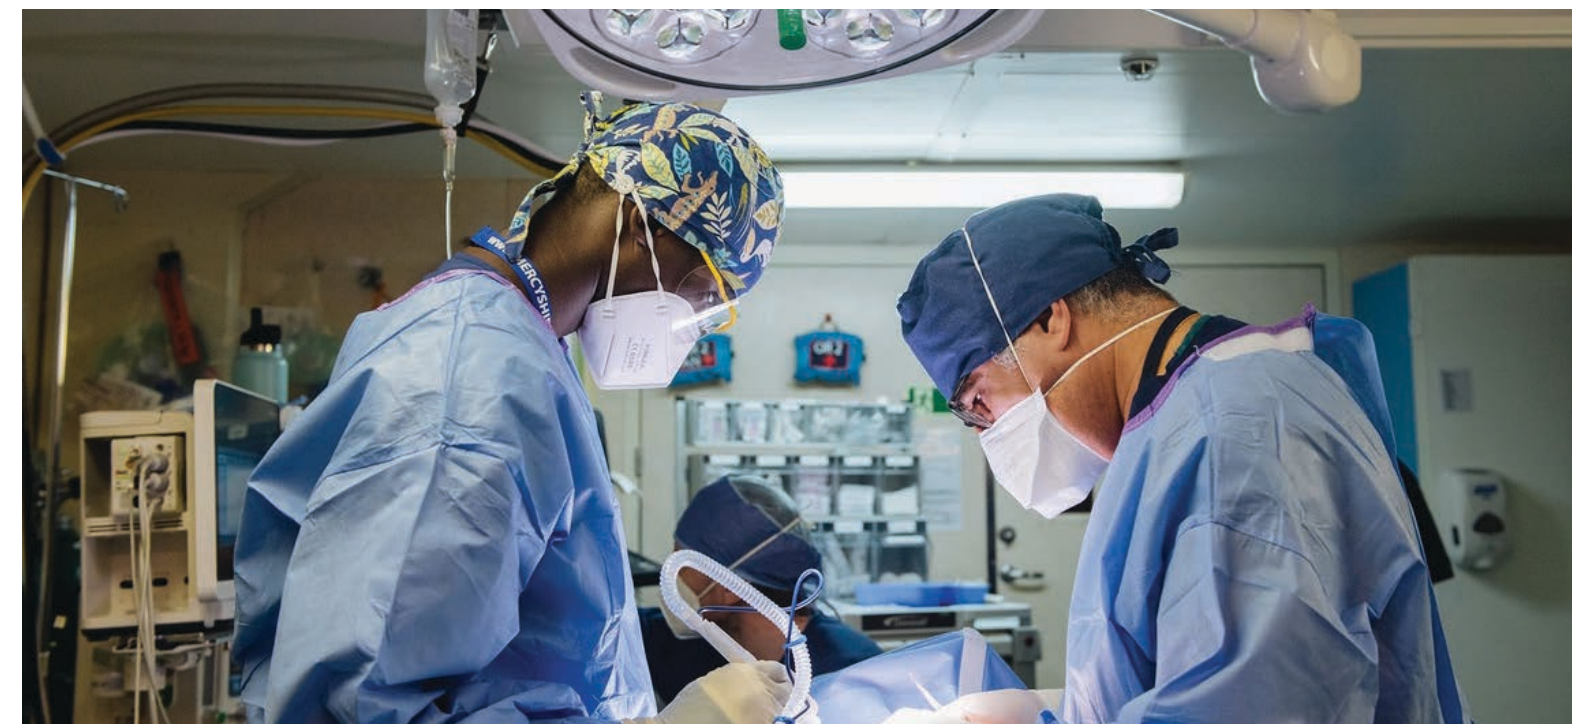

Direct Medical Services

The specialty procedures offered are typically unavailable in the country due to lack of training, limited surgical workforce, or unaffordability for patients.

The design of the surgical schedule and selection of patients aims to ensure care is curative, independent of the local healthcare system.

Medical Capacity Building

Mercy Ships builds lasting partnerships by enhancing specialized training through:

- Offering residency and fellowship rotations
- Using the ship's hospital as a clinical rotation in the partner country's established training programs
- Developing long-term partnerships and investments

GLOBAL PARTNERSHIPS

WAYS WE PARTNER

Cause Marketing

Whether through co-branded campaigns, product tie-ins, or donation match programs, partners create shared value—driving brand loyalty while transforming lives.

Point Of Sale / Round Up

This turnkey initiative drives meaningful customer participation, builds brand goodwill, and generates significant collective impact.

In Kind

These donations directly support operations, programs, and/or beneficiaries—helping reduce costs and extend impact.

WAYS WE PARTNER

Secondment

Share expertise, supporting skills development, and knowledge transfer to specific projects, thus strengthening ties between the organizations.

Employee Giving

Encourage employees to donate and engage through payroll deductions, campaigns, or matching programs, to support our organization's mission.

Fund Giving

Provide financial support—either as a one-time donation or ongoing funding—to advance a specific program or field service.

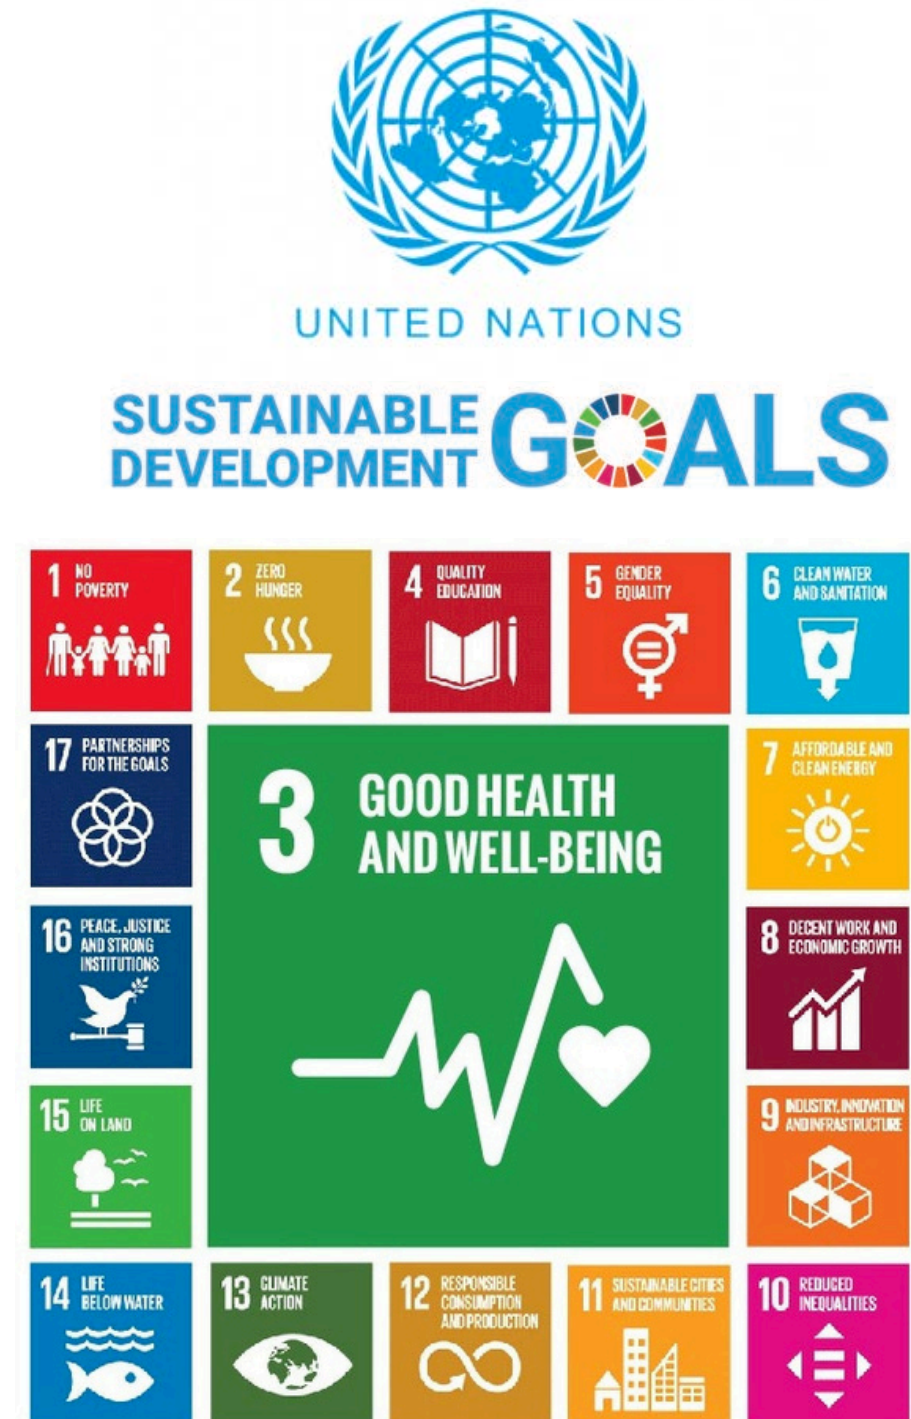

EMPLOYEE AND COMMUNITY ENGAGEMENT

- Custom Corporate Engagement Program
- Creative Employee & Stakeholder Engagement
- Community Building

WHY PARTNER WITH US

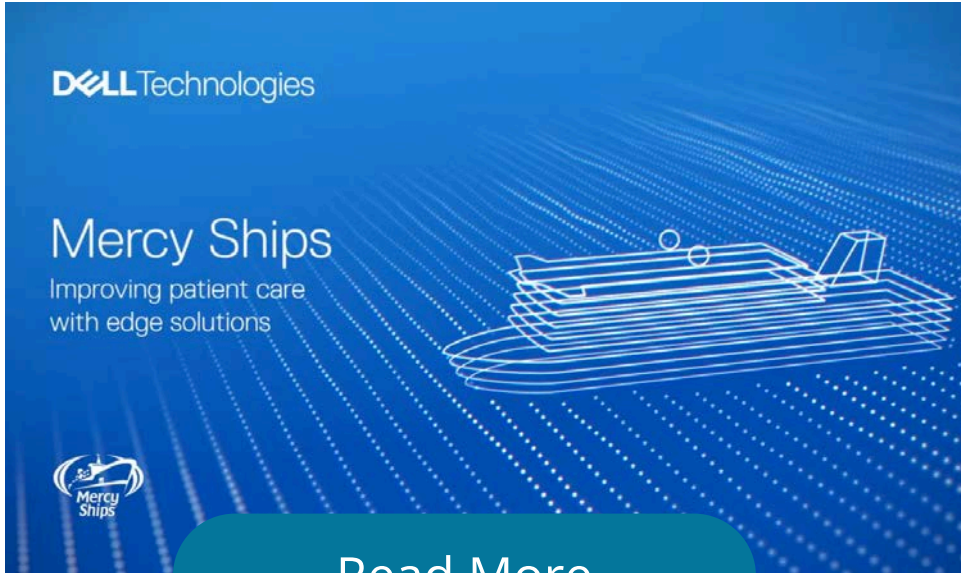

- Mercy Ships activities support and align with the SDGs, with a particular emphasis on SDG 3: Good Health and Well-Being. We believe that health is at the center of these goals.
- Without good health, other vital pieces – like quality education, economic growth, and clean energy – are not truly sustainable. Many of our corporate partners work with the UN's SDG goals to define their Environmental, Social, and Corporate Governance (ESGs).
- We believe it's important to highlight not only how Mercy Ships aligns with SDG 3, but also how this goal impacts many others.
